## **DETAILED ACTION**

### ***Examiner's Amendment***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jane Berman on May 12<sup>th</sup> 2009.

The application has been amended as follows:

In claim 2, line 5: after "partly comprising connecting portions" insert --without said electrically insulating separators interposed therebetween-- before ";

In claim 6, line 5: after "partly comprising connecting portions" insert --without said electrically insulating separators interposed therebetween-- before ";

In the specification:

On page 12 line 19: after "Figs. 12" insert -- (a) and (b) an embodiment with capacitors of the same height and Figs. 12 (c) and (d) an embodiment with capacitors of the differing heights"

On page 12 line 29: after "Figs. 15" insert -- (a) through (f)--

On page 12 line 33: after "Figs. 17" insert -- (a) and (b)--

***Allowable Subject Matter***

Claims 2-21 are allowed. Claims 2 and 6 define a friction stir welding process for the manufacture of a capacitor (with a plurality of metal foils and insulating layers) where connecting portions are welded to positive and negative external electrodes by friction stir welding; where the connecting portions do not have the insulating material between the foils and either a reinforcing or welding base material placed on one side/adjacent to the stacked connecting portions. The prior art as a whole fails to anticipate or fairly render obvious this process. The closest prior art, Ichimura et al. (JP 2004-79769) connects metal foil 3 of a capacitor to an electrode 1 however does not have a plurality of foils or insulating layers and the connecting portions include the insulating material 4 (see figure 1a, abstract).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Inquiries***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Nicholas P. D'Aniello whose telephone number is (571)270-3635. The examiner can normally be reached on Monday through Thursday from 8am to 5pm (EST).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jessica Ward can be reached on (571) 272-1223. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
